2:30 p.m. to 3:30 p.m.

Chair Haugan called the Budget Workshop to order at 2:30 p.m. Staff and Commissioners reviewed the proposed budget for Fiscal Year 2016-2017 and the accompanying five-year long term financial plan for Fiscal Year 2016-2017 through Fiscal Year 2020-2021.

Commissioner Gonzales made the following suggestions related to the budget planning to be considered for the future:

- Place a “cap” on reserved funds
- Discuss possibility of an annual set aside of monies
- Add contingencies and reserve funds for certain projects
- More inclusive delivery and set requirements for collaboration and blended funding relating to procurements

Debora Dickerson-Sims, Administrative Supervisor II, stated she will work on creating a policy that addresses criteria to use reserved funds, however, the budget can be approved with the “set aside” and the specific governing decisions can be made later.

Report – Margaret Hill Advisory Committee Chair

Committee members met on April 28th. Updates on the following topics were shared: Quality Rating Improvement System (QRIS); Reach Out and Read and Footsteps2Brilliance.

Members reviewed and discussed strategies for the “Strength for the Small” campaign. This First 5 concept campaign, in conjunction with Children’s Network and Children’s Fund, is for children and families learning to cope with violence and trauma. The goal of this concept campaign is to provide families with resources, tools and information to foster resiliency in children affected by trauma and tragedy.

Members also reviewed the current Strategic Plan for any recommended changes. Staff from Harder+Company Community Research facilitated a discussion specific to Goal 1.1 “Child Health”. Recent changes in the health landscape as a result of implementation of the Affordable Care Act were discussed. The recommendation was made to not alter the language in Goal 1.1.

It was determined that a smaller sub-group would meet and discuss any possible changes to the remainder of the Strategic Plan by May 20. The goal is to present a refreshed plan to the Commission at the June 1st Commission Meeting.

Pending further immediate business, the Committee will go dark in the summer and reconvene in September.
May is Maternal Mental Health Month

Reach Out and Read (ROR) Update
First 5 San Bernardino (F5SB) is excited about supporting ROR and establishing powerful connections with organizations such as the American Academy of Pediatrics (AAP) – Chapter 2, Inland Empire Health Plan (IEHP), Molina Health Care, Loma Linda University Medical Center and a host of others. Drs. Marti Baum and Jenny Nguyen have co-authored a “white paper” entitled “Reach Out and Read: An Effective Early Literacy Program and Why It Should Come to San Bernardino County”. The project was part of the physicians’ advocacy work with the Department of Pediatrics at Loma Linda University Children’s Hospital. The report provides an accurate problem statement including the social economic implications, supporting data and the conclusion to support Reach Out and Read.

F5SB sends a huge “shout out” and message of appreciation to Bear Valley Community Healthcare District Family Health Clinic and Bear Valley Community Healthcare District's Mom and Dad Project for being one of the first to “step up to the plate” and for their dedicated commitment to Reach Out and Read serving the mountain community families.

Heartfelt thanks are sent to Inland Empire Health Plan (IEHP) who has partnered with F5SB and the AAP - Chapter 2 and is hosting the next two ROR outreach events. An invitation to attend one of these events was extended to the Commissioners. Event dates are listed on Page 4 of the report.

New Commissioner
Stacy Iverson, President and Chief Executive Officer of Children's Fund and Vice Chair of the F5SB Advisory Committee has joined the Children and Families Commission for San Bernardino County. Ms. Iverson served as Program Manager for F5SB between 2001 and 2008 and then served as Program Manager and Interim Director at San Bernardino County Superintendent of Schools. Ms. Iverson joined Children’s Fund as the Chief Operating Officer and within two years transitioned into her current role as President and CEO. F5SB is pleased to work with Stacy once again as she continues to demonstrate her dedication and unwavering focus to serve children in San Bernardino County.

BONUS (Baby’s Optimal Nutrition with Ultimate Support) 24 Hour Helpline
Residents can dial 2-1-1 and ask for breastfeeding help 24/7. The BONUS helpline opened on April 1, 2016. Mothers who have breastfeeding concerns, such as latching, milk supply and other breastfeeding questions may now use the BONUS helpline that connects mothers to an International Board Certified Lactation Consultant who can help. AGENDA ITEM 2
JUNE 1, 2016

Subject
Strategic Plan for Fiscal Years 2015-2020

Recommendations
Conduct Public Hearing of the Children and Families Commission for San Bernardino County’s Strategic Plan for Fiscal Years 2015-2020 to confirm the plan will be active for the forthcoming fiscal year.
(Presenter: Cindy Faulkner, Operations Manager, 252-4253)

Financial Impact
None

Background Information
The California Children and Families Act of 1998 (“Act”) was passed as Proposition 10 by California voters in November 1998 and enacted by the State Legislature through California Health and Safety Code Sections 130100 -130155 and Revenue and Taxation Code Section 30131.

Section 130140 (a)(1)(D), (E)&(F) requires the County Commission to “review and/or adopt a new or revised county strategic plan, conduct the required public hearing and submit the adopted plan and any revisions to the State Commission” by July 1st of each year. This was last conducted in June and September of 2015.

The current Strategic Plan investment areas are defined as Strategic Priority Areas (SPA’s):

- **SPA 1: Children and Families**
  Goals: (1) Child Health, (2) Early Learning and (3) Family Support

- **SPA 2: Systems and Network**
  Goals: (1) Leadership as a Convener and Partner, (2) Capacity Building

With the help of the First 5 San Bernardino Advisory Committee, it has been determined that the current Strategic Plan as presented and approved by the Commission on June 3, 2015 is a reliable resource and properly reflects the Commission’s current Vision and Mission. However, First 5 Staff recommends a few revisions to the plan:

- Information contained in pages 4, 5 and 6 were reformatted to include graphics instead of text.
- On page 9, added a quote addressing “Systems”
- On the back cover, added First 5 San Bernardino Commissioner Stacy Iverson, President & CEO, Children’s Fund

Upon completing this Public Hearing, the Strategic Plan with included minor revisions will be posted, printed and utilized for Fiscal Year 2016-2017 and will satisfy the Commission’s requirements of California Health and Safety Code Sections 130100 -130155 and Revenue and Taxation Code Section 30131 for this period.

AGENDA ITEM 3
JUNE 1, 2016

Subject
Budget for Fiscal Year 2016-2017 and Long-Range Financial Plan

Recommendations
Approve Budget for Fiscal Year 2016-2017 and updates to the Long-Range Financial Plan.
(Presenter: Debora Dickerson-Sims, Administrative Supervisor II, 252-4269)

Financial Impact

Background Information
In accordance with the California Children and Families Act of 1998 and County Code 12.296, the Children and Families Commission for San Bernardino County, also known as First 5 San Bernardino (F5SB), is required to adopt a budget on an annual basis in support of its strategic plan.

Under the guidance of the Commission, and in collaboration with the community and agencies that serve children and their families, F5SB promotes supports and enhances the early development of children prenatal to age five. The proposed budget serves as the financial plan for the upcoming program year.

Under the Strategic Plan, investment areas are defined as Strategic Priority Areas (SPA’s) and funding goals will be directed to each SPA:

- **SPA 1:** Children and Families
  - Goals: (1) Child Health, (2) Early Learning and (3) Family Support

- **SPA 2:** Systems and Network
  - Goals: (1) Leadership as a Convener and Partner, (2) Capacity Building

The budget supporting Program Services in the amount of $1,283,217 will continue to enhance participant services and reporting. Resources have been allocated for the integration of the supporting database, as well as technical assistance, evaluation, training and other resources for contracted service providers.

Community Engagement Support promotes outreach, community education and media support. Resources have been allocated for marketing items, educational materials, media campaign, training and other resources for community events. An investment of $475,651 for Community Engagement Support is included in the budget.

The amount allocated for the support of Program Services and Community Engagement is 4.57% of the total budget.

Operations under the category administrative support services are needed to oversee the overall programs and operational expenses. A budget of $2,317,971 in this category amounts to 9.10% of the total budget.

In addition, First 5 San Bernardino has partnered with key stakeholders to implement a Quality Rating and Improvement System (QRIS) in San Bernardino County. F5SB has been awarded $1,937,108 in grants for Fiscal Year 2016-2017 from the California Department of Education and First 5 California to help carry out this work. The total budget under the QRIS category is $3,442,659 for Fiscal Year 2016-2017.
Pending Commission approval, the proposed budget for Fiscal Year 2016–2017 with expenditures in the amount of $27,822,894 and anticipated revenue in the amount of $22,516,201 will be in effect July 1, 2016.

Lastly, the proposed and legislatively mandated long range financial plan has been updated to reflect revised amounts. This plan is to be adopted and utilized as a long-term guide to allow Commissioners to determine what type of funds are available to support sustainable levels of multi-year contracts as well as ongoing annual community investments. A fund balance in the amount of $22M has been set aside in this year’s budget and a policy will be established and approved by the Commission to determine in which circumstances the money can be used.

   In the performance of the Contract, Contractor, its agents and employees, shall act in an independent capacity and not as officers, employees, or agents of the Commission.

2. **CONTRACTOR’S Primary Contact**
   The Contractor will designate an individual to serve as the primary point of contact for the Contract. Contractor or designee must respond to Commission inquiries within two (2) business days. Contractor shall not change the primary point of contact without written notification and acceptance of the Commission. Contractor will also designate a back-up point of contact in the event the Primary contact is not available.

3. **Change of Address**
   Contractor shall notify the Commission in writing, of any change in mailing address within ten (10) business days of the change.

4. **Subcontracting**
   Contractor agrees not to enter into any subcontracting agreements for work contemplated under the Contract without first obtaining written approval from the Commission. Any subcontractor shall be subject to the same provisions as Contractor. Contractor shall be fully responsible for the performance and payments of any subcontractor.

5. **Contract Assignability**
   Without the prior written consent of the Commission, the Contract is not assignable by Contractor either in whole or in part.

6. **Contract Amendments**
   Contractor agrees any alterations, variations, modifications, or waivers or provisions of the Contract shall be valid only when reduced to writing, duly signed and attached to the original Contract and approved by the required persons.

7. **Attorney Fees and Costs**
   If any legal action is instituted to enforce any party’s rights hereunder, each party shall bear its own costs and Attorneys’ fees regardless of who is the prevailing party. This paragraph shall not apply to those costs and Attorneys’ fees directly arising from a third-party legal action against a party hereto and payable under Part V, Section B., Indemnification.

8. **Venue**
   The venue of any action or claim brought by any party to this Contract will be the Superior Court of California, County of San Bernardino, San Bernardino District. Each party hereby waives any law or rule of the court, which would allow them to request or demand a change of venue. If any action or claim concerning this Contract is brought by any third-party, the parties hereto agree to use their best efforts to obtain a change of venue to the Superior Court of California, County of San Bernardino, San Bernardino District.
9. Licenses and Permits

Contractor shall ensure that it has all necessary licenses and permits required by the laws of Federal, State, County, and municipal laws, ordinances, rules and regulations to conduct the service agreed upon in the section titled, II. Scope of Work and Due Dates. The Contractor shall maintain these licenses and permits in effect for the duration of this Agreement. Contractor will notify the Commission immediately of loss or suspension on any such licenses and permits. Failure to maintain a required license or permit may result in immediate termination of this Agreement.

10. Notification

In the event of a problem or potential problem that will impact the quality or quantity of work, services, or the level of performance under this Contract, the Contractor shall notify the Commission within one (1) business day, in writing and by telephone.

11. Conflict of Interest

Contractor shall make all reasonable efforts to ensure that no conflict of interest exists between its officers, employees, subcontractors and the Commission. Contractor shall make a reasonable effort to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being, motivated by a desire for private gain for themselves or others such as those with whom they have family, business, or other ties. In the event that the Commission determines that a conflict of interest exists, any increase in cost associated with the conflict of interest will be disallowed by the Commission and such conflict may constitute grounds for termination of the Contract. This provision shall not be construed to prohibit employment of persons with whom Contractor’s officers, employees, or agents have family, business, or other ties so long as the employment of such persons does not result in increased costs over those associated with the employment of any other equally qualified applicant.

12. Improper Consideration

Contractor shall not offer (either directly or through an intermediary) any improper consideration such as, but not limited to, cash, discounts, service, the provision of travel or entertainment, or any items of value to any officer, employee or agent of the Commission in an attempt to secure favorable treatment regarding this Contract.

The Commission, by written notice, may immediately terminate any Contract if it determines that any improper consideration as described in the preceding paragraph was offered to any officer, employee or agent of the Commission with respect to the proposal and award process. This prohibition shall apply to any amendment, extension or evaluation process once a Contract has been awarded.

Contractor shall immediately report any attempt by a Commission officer, employee or agent to solicit (either directly or through an intermediary) improper consideration from Contractor. The report shall be made to the supervisor or manager charged with supervision of the employee or to the Executive Director. In the event of a termination under this provision, the Commission is entitled to pursue any available legal remedies.

13. Employment of Former Commission Officials

Contractor agrees to provide or has already provided information on former Commission administrative officials (as defined below) who are employed by or represent Contractor. The information provided includes a list of former Commission administrative officials who terminated County employment within the last five years and who are now officers, principals, partners, associates or members of the Contractor’s business. The information also includes the employment with or representation of Contractor. For purposes of this provision, “Administrative Official” is defined as a member of the Board of Supervisors or such officer’s staff, County Administrative Officer or member of such officer’s staff, County department or group head, assistant department or group head, any employee in the
Exempt Group, Management Unit or Safety Management Unit, or a member of the Board of Supervisors.

14. Inaccuracies or Misrepresentations

If in the administration of this Contract, the Commission determines that Contractor has made a material misstatement, misrepresentation, or omission that materially inaccurate information has been provided to the Commission during the RFP process; the Contract may be immediately terminated.

In the event of a termination under this provision, the Commission is entitled to pursue any available legal remedies.

15. Recycled Paper Products

The Commission has adopted the County policy of recycled product purchasing standards (Procurement of Recycled Products 11-10SP), which requires Vendors to use recycled paper for proposals and for any printed or photocopied material created as a result of a Contract with the Commission. The policy also requires Vendors to use both sides of paper sheets for reports submitted to the Commission whenever practical.

16. Invoices

Contractor shall submit detailed and correct invoices to the Commission. Contractor shall not submit an invoice for Payment Events until after their occurrence. All invoices submitted must meet with the approval of the Commission or designee prior to payment. Invoices shall include name of project, names of staff involved and total amount. The Commission shall use reasonable efforts to provide a Notice to Contractor within ten business days after receipt of an invoice, specifying the reasons why Commission believes the Charges are inaccurate or incorrect, but Commission shall not be in breach of the Contract if it fails to provide Contractor with such Notice. In the event of any dispute with regard to a portion of an invoice, the undisputed portion shall be paid as provided herein. Commission shall pay Contractor undisputed amounts within the normal processing time.

17. Ownership of Documents

Audit documentation is the property of the auditor. The auditor may make available to Commission at the auditor’s discretion copies of the audit documentation, provided such disclosure does not undermine the independence or the validity of the audit process.

18. Release of Information

No news releases, advertisements, public announcements or photographs arising out of this Contract or Contractor’s relationship with Commission may be made or used without prior written approval of the respective party.

19. Disclosure of Criminal and Civil Proceedings

The Commission reserves the right to request the information described in this Section from the Contractor selected for Contract award. Failure to provide the information may result in a disqualification from the selection process and no award of Contract to the Contractor. The County also reserves the right to obtain the requested information by way of a background check performed by an investigative firm. Negative information provided or discovered may result in disqualification from the selection process and no award of Contract.

The selected Contractor may be asked to disclose whether the firm, or any of its partners, principals, members, associates or key employees (as that term is defined herein), within the last ten years, has been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense arising directly or indirectly from the conduct of the firm’s business, or whether the firm, or any of it partners, principals, members, associates or key employees, has within the last ten years, been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense involving financial misconduct or fraud. If the response is affirmative, the Contractor will be asked to
describe any such indictments or charges (and the status thereof), convictions and the surrounding circumstances in detail.

In addition, the selected Contractor may also be asked to disclose whether the firm, or any of its partners, principals, members, associates or key employees, within the last ten years, has been the subject of legal proceedings as defined herein arising directly from the provision of services by the firm or those individuals. “Legal proceedings” means any civil actions filed in a court of competent jurisdiction, or any matters filed by an administrative or regulatory body with jurisdiction over the firm or the individuals. If the response is affirmative, the Contractor will be asked to describe any such legal proceedings (and the status and disposition thereof) and the surrounding circumstances in detail.

For purposes of this provision “key employees” includes any individuals providing direct service to the County. “Key employees” do not include clerical personnel providing service at the firm’s offices or locations.

20. Legality and Severability

The parties’ actions under this Contract shall comply with all applicable laws, rules, regulations, court orders and governmental agency orders. If a provision of this Contract is terminated or held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall remain in full effect.

21. Taxes

County is exempt from Federal excise taxes and no payment shall be made for any personal property taxes levied on Contractor or on any taxes levied on employee wages. Contractor shall assume full responsibility for all Federal, State and local taxes or contributions imposed or required under unemployment insurance, social security and income tax laws, with respect to Contractor and Vendor’s employees and agents engaged in the performance of this Contract.

22. Nondiscrimination

Contractor will not discriminate against any employer or applicant for employment because of race, color, religion, sex, or national origin. Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex or national origin, employment upgrading, demotion, or transfer, recruitment, advertising, layoff or termination; rates of pay including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

23. Electronic Funds Transfer

The County of San Bernardino Auditor/Controller-Recorder office prefers direct deposit for Contractor payments. Instead of creating a paper check the County will and with the Vendor’s approval, directly deposit funds to Contractor’s checking account via electronic funds transfers (EFT). Details and forms regarding EFT payments will be provided upon execution of this Contract.

24. Termination of Convenience

The County for its convenience may terminate this agreement in whole or in part upon thirty (30) calendar day’s written notice this Contract. Such adjustment shall provide for payment to the Contractor for services rendered and expenses incurred prior to the effective date of termination. Upon receipt of termination notice Contractor shall promptly discontinue services unless the notice directs otherwise. Contractor shall deliver promptly to County and transfer title (if necessary) all completed work, and work in progress, including drafts, documents, plans, forms, data, products, graphics, computer programs and reports.

B. Basic Indemnification and Insurance Requirements

1. Indemnification – The Contractor agrees to indemnify, defend and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all
claims, actions, losses, damages, and/or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The Vendor’s indemnification obligation applies to the County’s “active” as well as “passive” negligence but does not apply to the County’s “sole negligence” or “willful misconduct” within the meaning of Civil Code Section 2782.

County hereby agrees to indemnify and hold harmless Contractor from any and all claims, including defense costs, whether resulting from court action or otherwise, arising out of the sole intentional or negligent acts or omissions of the County and its officers, agents or employees in the performance of this agreement.

2. **Additional Insured** – All policies, except for the Workers’ Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and their officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

3. **Waiver of Subrogation Rights** – The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, Contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and Vendor’s employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

4. **Policies Primary and Non-Contributory** – All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

5. **Severability of Interests** – The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

6. **Proof of Coverage** – The Contractor shall immediately furnish Certificates of Insurance to the County Department administering the contract evidencing the insurance coverage, including endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the County Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

7. **Acceptability of Insurance Carrier** – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum “Best” Insurance Guide rating of “A- VI”.

8. **Deductibles and Self-Insured Retention** - Any and all deductibles or self-insured retentions in excess of $10,000 shall be declared to and approved by Risk Management.

9. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the County will be
promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

10. Insurance Review – Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County’s risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

C. Insurance Specifications

The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the Contract services.

Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the Contract term the following types of insurance with limits as shown:

1. Workers’ Compensation/Employers Liability – A program of Workers’ Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer’s Liability with $250,000 limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this Contract.

   If Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as “employees” under the Labor Code and the requirement for Workers’ Compensation coverage will be waived by the County’s Director of Risk Management.

   With respect to Contractors that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers’ Compensation insurance.

2. Commercial/General Liability Insurance – The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars ($1,000,000), per occurrence. The policy coverage shall include:

   (a) Premises operations and mobile equipment.

   (b) Products and completed operations.

   (c) Broad form property damage (including completed operations).

   (d) Contractual liability.

   (e) $2,000,000 general aggregate limit.
3. **Automobile Liability Insurance** – Primary insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars ($1,000,000) for bodily injury and property damage, per occurrence.

If the Contractor is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a combined single limit of two million dollars ($2,000,000) for bodily injury and property damage per occurrence.

If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

4. **Umbrella Liability Insurance** – An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropdown" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

5. **Professional Services Requirements** – In addition to the Basic Requirements/Specifications for all Contracts, professional service Contracts shall include the following additional requirements:

- **Professional Liability** – Professional Liability Insurance with limits of not less than one million ($1,000,000) per claim or occurrence and two million ($2,000,000) aggregate limits;

- or

- **Errors and Omissions Liability Insurance** with limits of not less than one million ($1,000,000) and two million ($2,000,000) aggregate limits.

D. **Right to Monitor and Audit**

1. **Right to Monitor**

   The County and the State of California shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of Contractor in the delivery of services provided under this Contract. Contractor shall give full cooperation in any auditing or monitoring conducted. Contractor shall cooperate with the County in the implementation, monitoring and evaluation of this contract and comply with any and all reporting requirements established by the County.

2. **Availability of Records**

   All records pertaining to services delivered and all fiscal, statistical and management books and records shall be available for examination and audit by County, Federal and State representatives for a period of three (3) years after final payment under the Contract or until all pending County, State and Federal audits are completed, whichever is later.

VI. **ENTIRE AGREEMENT**

Section 2 – Description of Services

A. Complete Work Plan/Project Description

Overview of the Audits

As required by the Request for Qualifications our audit plan covers the engagements for:

- Audit of the Commission’s Financial Statements
- A report on compliance with applicable laws, regulations and requirements contained with the applicable provisions of the California Health and Safety Code (Report on State Compliance)
- A report on the Commission’s compliance and internal control as required by Government Auditing Standards
- Meeting with Commission staff prior to public hearing
- Presence at the public meeting
- Issue a management letter, as applicable
- Technical assistance with the implementation of accounting and compliance matters

The audits will be conducted in accordance with generally accepted auditing standards issued by the American Institute of Certified Public Accountants (AICPA), Governmental Auditing Standards published by the Comptroller General of the United States.

B. Our Proposed Audit Approach/Plan

Our engagement approach for the Commission audit has well-detailed goals by which the engagement partner can measure progress. Our audit plan includes frequent contact between the partner and the engagement team to assure that objectives are attained according to the audit schedules and problems are communicated and dealt with on a timely basis. Our engagement approach benefits from our long accumulated experience during which our firm has identified key areas of financial and accounting concern in the audit process. More importantly, the approach provides for a complete reassessment of the management and control environment in each year's audit and thus is capable of responding to changes and will ensure that deadlines are met in issuing the annual financial statements.

The key characteristics of our engagement approach are:

- **Knowledge of the Commission and similar entities.** We have extensive experience auditing governmental entities, including First 5 Commissions. This experience enables us to perform a more efficient audit and identify key audit risks.
- **Cost-effectiveness.** Our experienced auditor’s low percentage of turnover reduce your cost
- **Timeliness.** We take deadlines, both yours and ours, seriously.
- **Partner-manager involvement.** Deciding on audit strategies requires seasoned judgment. Our partners and managers have been heavily and continuously involved in governmental audits. Furthermore, you will be able to consult with senior team members whenever needed throughout the year. We are available during the year for any additional consultation that may arise.

*Project Management – Overall Audit*

Our audit plan involves six (6) stages for each audit. These stages are:

- Stage 1, Planning
- Stage 2, Risk Assessment
- Stage 3, Preparation of the Overall Audit Plan
- Stage 4, Conducting the Interim Audit
- Stage 5, Conducting the Final Audit
- Stage 6, Reporting
Section 2 – Description of Services

B. Our Proposed Audit Approach/Plan, (Continued)

Stage 1. Planning
VTD will meet with key staff of the Commission to plan the audit services for the year. These meetings will discuss all audit issues and the proposed interim work plan. During this phase, we will accomplish:

- Identifying the key personnel and contacts in the Finance Department and other departments.
- Identify the Commission’s significant classes of transactions and business processes.
- Obtain an understanding of audit risk areas.
- Developing an understanding of unusual transactions or events that have occurred during the fiscal year.
- Formalizing logistics.
- Finalizing the timeframes for interim fieldwork.

Stage 2. Risk Assessment
Based upon the information obtained in the planning meetings VTD will perform a risk assessment as required by Statements on Auditing Standards (SAS) to be used in the preparation of the overall audit plan.

Stage 3. Preparation of the Overall Audit Plan
Once the planning and risk assessment process are complete an overall audit plan will be prepared. The plan will specify each audit task, staffing assignments, timelines, and due dates. The plan will also break down the work assignments between interim and final audit timelines. The audit plan will include the transaction cycles which have been selected for internal control testing and those for which only the detailed walk through will be performed.

Stage 4. the Interim Audit
The specific dates will be determined during the planning meeting and preparation of the audit plan process. Our interim work will include the following:

1. Defining the Commission’s objectives and strategies and related business risks.
2. Obtaining an understanding of the Commission’s internal control environment (tone at the top):
   - Communication and enforcement of integrity and ethical values
   - Commitment to competence
   - Participation of those charged with governance
   - Management’s philosophy and operation style
   - Organizational structure
   - Assignment of authority and responsibility
   - Human resource policies and practices
3. Reviewing the Commission’s risk assessment process.
4. Understanding the internal control communication process.
5. Understanding the internal control monitoring process.
6. Testing compliance with the Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act, issued by the California State Controller’s Office.
Section 2 – Description of Services

B. Our Proposed Audit Approach/Plan, (Continued)

Stage 5, the Final Audit
We will commence our final fieldwork as soon as the Commission has sufficiently closed their accounting records.

During this phase, we will perform substantive audit procedures on the year-end statement of net position, fund balances, revenue and expenditure/expense accounts. We will use a variety of audit procedures which may include outside confirmations, statistical sampling, detailed testing of schedules, analytical review, inquiry, and observation.

Stage 6, the Reporting Phase
At the end of the audit process we will meet with key staff to cover the following:

- Discuss improvements for subsequent years audit plan,
- Meet with the appropriate level of management to present the results of the audit,
- Communicate with those charged with Governance.

Communication

We do not believe in surprises. Although the reporting phase involves a recap of the process we will be in constant communication regarding each aspect of the audit throughout the entire process. You will not have any surprises at the end of the audit.

Management letters

The results of our understanding of internal control serve as a basis for our recommendations to management. We also consider any weaknesses noted during our substantive testing and other audit procedures. Upon completion of the audit, the findings and recommendations we consider to be of value to you are summarized and presented as management comments.

We will meet with management to discuss these comments prior to finalizing the letter to ensure that our management letter will contain no surprises. The purpose of our management comments is to direct your attention to:

- Significant deficiencies and material weaknesses (if any) identified during the course of the audit. Auditing Standards require written communication to management and those charged with governance, of significant deficiencies or material weaknesses, identified during the audit.
- Other matters that we believe to be of potential benefit to the management of the City, such as recommendations for operational or administrative efficiency, or for improving existing internal controls.

In our view, management letters can serve the Commission on two distinct levels. The first is when we, the auditors, determine that there are material deficiencies in internal controls. These should be communicated at once to the highest level of management so that corrective action can be taken. The other level is the more routine operational improvement and control enhancement comments which are communicated to management on a timely basis such that appropriate action can be taken.

**Background Information**

In April of 2015, First 5 San Bernardino (F5SB) contracted with VIVA Strategy + Communications to help facilitate the creation of a Quality Rating Improvement System (QRIS) strategic plan for San Bernardino County. VIVA Strategy + Communications (VIVA) specializes in large-scale collective impact projects that improve the lives of children, families, and communities. There is no other firm that has the breadth of work and experience and is engaged to this extent than VIVA in the area of QRIS design and implementation in the State of California.

Over the past year, VIVA Strategy + Communications has provided strategic consultation and facilitation services through a planning process that has resulted in the development of a Vision, Mission and Goals, Governance and Operations Structure, a QRIS Strategic Plan as well as multiple communications deliverables.

When F5SB first developed and entered into the contract with VIVA, the potential for leadership and support from the First 5 Commission within this collaborative consortium was not fully apparent.

On behalf of San Bernardino County children, F5SB responded to the IMPACT (Improve and Maximize Programs so All Children Thrive) grant opportunity released by First 5 California. As a result, SB County was approved to receive more than $5 million over 5 years to support QRIS work.

As F5SB worked through that grant application and further defined with the Consortium, the roles and responsibilities in the governance and operations of a QRIS, it became very clear that F5SB was the appropriate body to apply and serve as the Lead Agency for IMPACT funding. IMPACT serves as a foundation and funding resource for the Countywide QRIS and F5SB is also positioned to work with the Consortium members and lead the efforts for coordinating blended resources and implementing QRIS over at least the next two to three years.

VIVA Strategy + Communications has successfully provided the deliverables and met the objectives within their contract work plan for Fiscal Year 2015-2016 including development and guidance of an operational model for an effective QRIS that aligns with California’s QRIS Matrix and implementation guideline. They have led us through the formulation of a Strategic Plan and ensured that the SB County QRIS Consortium is well prepared and positioned to apply for immediate future funding opportunities such as the CA Infant Toddler Grant and QRIS Block Grant. Their contracted consultant hours have been monitored and verified as expended for Strategic Planning Sessions, travel and “in-person” meetings, telephone
consultation, document development, etc.

To support F5SB’s expanded leadership role for IMPACT and QRIS implementation, we have articulated the need and recommend additional services of VIVA Strategy + Communications. In order now to maintain the support needed to complete development and implementation of IMPACT/QRIS, F5SB requests approval to continue to implement the QRIS Strategic Plan and contract with VIVA Strategy + Communications for Fiscal Year 2016-2019.

The proposed contract provides support to the implementation of the San Bernardino County’s QRIS. In addition, in accordance to the QRIS Strategic Plan VIVA will provide continued strategic consultation to F5SB and its partners to achieve the objectives outlined below:

**Objective 1.2**: Have a long-term operational structure in place for the QRIS that is aligned with the K-12 educational system by July 2017

**Objective 1.3**: Engage & inform stakeholders to secure resources to support the design, launch and ongoing operations of the QRIS

**Objective 2.1**: Increase awareness of the QRIS among early childhood educators across the county

**Objective 2.3**: Increase the coordination of education, training and professional development resources to support quality improvement among QRIS participants

**Objective 3.2**: Develop an action plan with goals and action steps for increasing the alignment between high quality entities serving children ages 0 to 5 and the TK-12 system with at least one school district in each region of the county (for QRIS participants in their district) by June 2018

**Objective 4.2**: Develop a community advocacy and education agenda to inform key audiences and establish specific calls to action for their contribution to achieving the vision of the system

**Objective 4.3**: Develop a messaging campaign to increase the public’s awareness of the importance of high quality early learning and to increase parents’ knowledge of what to look for in early care and education settings

**Objective 4.4**: Build a core group of at least 3 or more visible community champions for high quality early education in each region by September 2016

**Objective 5.3**: Develop and implement a consistent communications strategy to share the impact and the results of the investment in quality

IMPACT and QRIS has brought a unique opportunity to F5SB in support of early learning for our youngest children and the providers of those services, as we serve as the incubator and leader of the planning process. The Commission’s investment aligns with the Strategic Priority Area 2 - Systems and Networks, where the goal is Leadership as a Convener and Partner and the objectives are that systems and services effectively support and engage children, families and communities and that families, providers and stakeholders collaborate effectively to improve the well-being of the child.

This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The Contractor’s indemnification obligation applies to the Commission’s “active” as well as “passive” negligence but does not apply to the Commission’s “sole negligence” or “willful misconduct” within the meaning of Civil Code Section 2782.

2. **Additional Insured** – All policies, except for the Workers’ Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the Commission and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the Commission to vicarious liability but shall allow coverage for the Commission to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

3. **Waiver of Subrogation Rights** – The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the Commission, its officers, employees, agents, volunteers, contractors and subcontractors. The Contractor hereby waives all rights of subrogation against the Commission.

4. **Policies Primary and Non-Contributory** – All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the Commission.

5. **Severability of Interests** – The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the Commission or between the Commission and any other insured or additional insured under the policy.

8. **Deductibles and Self-Insured Retention** - Any and all deductibles or self-insured retentions in excess of $10,000 shall be declared to and approved by Risk Management.

9. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the Commission has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the Commission will be promptly reimbursed by the Contractor or Commission payments to the Contractor will be reduced to pay for Commission purchased insurance.
10. **Insurance Review** – Insurance requirements are subject to periodic review by the Commission. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the Commission. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the Commission, inflation, or any other item reasonably related to the Commission’s risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the Commission to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the Commission.

11. The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the contract services.

Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the contract term the following types of insurance with limits as shown:

a. **Workers’ Compensation/Employers’ Liability** – A program of Workers’ Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer’s Liability with $250,000 limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this Contract.

   If Contractor has no employees, it may certify or warrant to the Commission that it does not currently have any employees or individuals who are defined as “employees” under the Labor Code and the requirement for Workers’ Compensation coverage will be waived by the Commission’s Director of Risk Management.

   With respect to Contractors that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers’ Compensation insurance.

If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

or

Directors and Officers Insurance coverage with limits of not less than one million ($1,000,000) shall be required for Contracts with charter labor committees or other not-for-profit organizations advising or acting on behalf of the County.

AGENDA ITEM 6
JUNE 1, 2016

Subject
Amendment A1 for Contract SI019 with Loma Linda University Research Affairs for the Autism Assessment Center of Excellence.

Recommendations
Approve Amendment A1 to Contract SI019 with Loma Linda University Research Affairs in support of the startup of the Autism Assessment Center of Excellence (AACE) in the Inland Empire in the amount of $17,979 in roll-over funds for Fiscal Year 2016-2017.
(Presenter: Mary Alvarez, Staff Analyst II, 252-4258)

Financial Impact
$300,000 budgeted for Fiscal Year 2014-2017.

Background Information
At the March 4, 2015 Commission Meeting, the Commission approved Contract SI019 with Loma Linda University Research Affairs in support of the startup of the Autism Assessment Center of Excellence (AACE) in the Inland Empire. An initial budget of $300,000 was approved by the Commission for Fiscal Years 2014-2015 and 2015-2016 with an opportunity to roll-over unexpended funds from year one (1) into year two (2). Loma Linda University Research Affairs was not able to solidify a lease for Fiscal Year 2015-2016 in accordance with their original timeline, which caused additional delay.

Loma Linda University Research Affairs requested an opportunity to roll-over the unexpended amount of $17,979 into Fiscal Year 2016-2017 in order to utilize the remaining dollars by June 30, 2017. First 5 is committed to supporting the AACE in order for the center to become fully operational. Pending Commission approval, these funds will be utilized for the remaining commitment for the building lease, marketing and outreach. In order to remain compliant with First 5 California’s accounting practices, we will reduce the current contract amount from $150,000 to $132,021 in order to roll-over the $17,979 to be expended by June 30, 2017.

Currently, the AACE center is open for business and patients are being provided care. Supporting this project ensures that per the First 5 San Bernardino Strategic Plan, the Commission can participate in collaborations that support the health and development of young children and their families and engage in long term systems change and capacity building processes that will produce results within a shorter term that impact the quality, availability and accessibility of needed services in San Bernardino County. And finally, making long-term sustainable system changes helps diminish the impact of declining Prop 10 revenues as set forth in our Strategic Priority Area (SPA) 2.

SPA 2: Systems and Networks – supporting systems serving children prenatal through age 5, their families and communities that result in sustainable and collective impact.

Loma Linda University is serving as the Fiscal Agent for this collaborative and will subcontract with the Inland Empire Autism Assessment Center of Excellence (AACE), to support launch of this start up project. The AACE will complete hiring of personnel, execute a lease agreement for office space, acquire furnishings and equipment, complete marketing and outreach and otherwise engage in activities that support the funded operating costs. Loma Linda University will oversee this launch and submit to the Commission, all receipts, contracts, agreements, etc. to substantiate expenditures according to budget/contract agreement.

This Contract supports initial “start up” expenses. First 5 San Bernardino commits to a one time only funding with the Loma Linda Research Affairs, as the assessment center is structured to be financially self-sustaining within 24 months. The business plan clearly indicates that the AACE will begin to generate revenue early and ramp-up to a self-sustaining level within the 2 year goal.

<tr>
<td>Background Information</td>
<td>For the past seven years, First 5 San Bernardino (F5SB) has partnered with the Prevent Child Abuse California (PCA CA) AmeriCorps program by investing matching dollars to support positions providing school readiness activities in preschools throughout San Bernardino County. AmeriCorps State and National is a service program that grants funding to a broad network of public and nonprofit organizations to provide assistance in recruiting, training and supervising AmeriCorps members to meet critical community service needs. F5SB staff seek to gain Commission approval to execute the attached letter of intent (Exhibit A) and negotiate a contract to fund the match for Fiscal Year 2016-2017 for four (4) positions at 1700 hours each to provide a year round program. Members will continue to have presence in multiple preschool sites throughout the county promoting school readiness. The requirement for matching the federal dollars for F5SB is $18,685 per full-time AmeriCorps member for an 11-month service term. The Legal Applicant for the First 5 Service Corps (AmeriCorps) grant is the California Children and Families Foundation (CCAFF) which is the sister agency to the First 5 Association. Prevent Child Abuse California (PCA CA) provides intermediary services as outlined in a contract between PCA CA and CCAFF, but provides no funding for member costs. The AmeriCorps member cost is $74,740 per year which includes Living Allowance, FICA, Workers Comp, Health Care, Background Checks, Payroll Processing, Data Collection Systems, Member Training Costs, Administrative Costs, Program Supplies and Education Award. The Federal contribution per year is $11,606 per member plus an additional $5,775 set aside for the Education Award available to the AmeriCorps member after successful completion of their tour of duty. This requested funding will be allocated from the Commission’s education service priority area (SPA 1), Goal 1.2 Early Learning.</td>

You may decide the method and frequency by which you determine the eligibility of your principals. You may, but are not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

Nothing contained in the aforementioned may be construed to require establishment of a system of records in order to render in good faith the assurances and certifications required. Your knowledge and information is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
