Report – Executive
Happy New Year and Welcome New and Returning Commissioners
Director, Karen Scott

First 5 is happy to welcome Supervisor Josie Gonzales back to the Commission. Through her daily work, passion, and advocacy for children, and always sporting her F5SB lapel pin, she never really left us. Welcome back, Supervisor!

First 5 is equally excited to welcome former San Bernardino County Board Supervisor Gary Ovitt to the Commission. As a former educator and a community and systems building advocate, Gary will bring great insight and leadership. Welcome Gary!

I learned last week that Alan Garrett will not be able to continue in his Commissioner role. The vacancy will be posted and we will begin a search to fill that position.

To fully embrace the whole systems building approach of the Commissions and to nurture the importance of relationship building to further develop our networks for serving children, First 5 staff are working on a Southern California Commissioner convening which is tentatively scheduled for May 9th. This should be a great opportunity especially for our new Commissioners but also an invigorating re-engagement opportunity for our seasoned Commissioners. More information to come as it develops.

Meeting - Governor Newsom’s office

On Thursday, February 7th, I have the incredible opportunity, along with First 5 Los Angeles, First 5 San Francisco, First 5 Monterrey and First 5 California to meet with the Governor and his staff to promote the needs for early childhood development. My specific role is to share at both a local and statewide level how we are bringing innovation to scale and changing systems that address healthy development in young children, especially with Early Screening, Identification and Intervention. I will proudly boast about our Help Me Grow work here at home.

Help Me Grow (HMG) Summit, February 6th

There were over 125 people who attended today’s summit. Six counties who have implemented HMG in various stages presented on their HMG initiatives as a learning opportunity for all. We could not complete our design phase, develop our strategic plan nor prepare to implement our regional HMG initiative without the incredible input and participation from so many partners which includes elected official representatives, physicians, Offices of Education, hospitals, CBO’s, FQHC’s, County Departments and more.
Advisory Committee Meeting
The next meeting is scheduled for Thursday, February 28th at 11:30 a.m. here in our office. Our new Chair will lead and we will hold an election for a Vice-Chair, hoping that James Moses is able to continue in that role as he has done quite successfully in this latest term.

Updates and next meetings
Our regional Dental Transformation Initiative and our Quality Start San Bernardino collective system are moving forward with its associated partners and leadership with great results.

We are in full swing of developing our next Strategic Plan, which goes into effect July 2020. The next First 5 Strategic Plan Workgroup will meet on February 27th at 2:00 p.m. here in the F5SB office.

We are looking forward to sharing and strategizing the results from our strategic investments workgroup at a Commissioner workshop scheduled for March 6th. At that workshop, we will also discuss trends and data outcomes.

I look forward to sharing with the Commission, F5 staff, Children’s Policy Council and Human Services Leadership Team the statewide systems building agenda through the First 5 Leadership Network of which I am a member of the first “graduating cohort”. My goal is to prepare a succinct and informative presentation for the March 6th Commission meeting.

Thank you, Commissioners, for your leadership and do know that exciting times are ahead.

Consent
Motion by Commissioner Hill and seconded by Commissioner Weinstein to approve the Consent Items.

Without further comment or objection, motion carried by unanimous vote.

(Presenter: Ronnie Robinson, Section Manager-Systems/Communication, 252-4255)  
**Discussion**  
Dr. Ohikhuare would like to make sure doctors and the public have access. A community portal will be built into the existing data infrastructure for providers and the public. Dr. Weinstein asked if there will be useful downloadable items for doctors to use on the portal. ASQ (Ages and Stages questionnaire) and social determinants of health will be accessible. Loma Linda will build on top of an existing data structure called Epic (an electronic medical record software application - health records keeping system). Dr. Ohikhuare asked how much access will be available to doctors and the public. Brett Walls, Assistant Vice President of LLUCH Ambulatory Care Services, stated they are building a “doorway” for access to the portal and users will need validated credentials and/or some kind of security to get through the “doorway”. Default reports can be obtained.  
Commissioner Gonzales asked if First 5 is entering the initial information. Mr. Walls answered that health care providers across the County will be entering the patient information, as well parents who will be filling out questionnaires that are assigned to them in the portal. Once the assessments are completed, the user will be directed to available resources. LLUCH will be responsible for the build out and security requirements of the data portal. Commissioner Gonzales asked how parents are able |
Parents will obtain access through community providers. An outreach committee will disseminate access procedures to providers, who in turn, will provide access and resources to parents through a targeted campaign through schools, etc. and help guide them through the process.

This portal system is to continue indefinitely. There are assurances from the Help Me Grow community, stakeholders and providers that they will continue use of this system. There are mandates and legislation to support this portal and the services, assessments and resources it will provide. Creating this build out as a separate project is estimated to cost around $1.5 - $2 million dollars.

| Background Information | As required by California Health and Safety Code Section 130125(G), the California Children and Families Commission (CCFC) develops an Annual Report to reflect the annual achievements and expenditures of the First 5 California program. This report offers a summary of the State Commission’s history, mission, vision as well as some 2017-2018 highlights as a summarization of the data submitted by the County Commissions.  

County Commissions are required, in accordance with Section 130140(a)(1)(H) of the Health and Safety Code, to conduct a public hearing of the State annual report. Any comments made by the public or Commissions will be provided to the State Commission.

In accordance with the Health and Safety Code Sections related to Prop 10, First 5 California collects and reviews each county commission’s annual report and includes this county-level data in this First 5 CA annual report.

While Prop 10 statutes direct the State and county commissions to achieve common goals and outcomes for children ages 0 to 5, it empowers each individual commission to develop its own strategic plan and programs to accomplish those goals according to the needs of local children and families. At the same time, as this report illustrates, First 5 California and the county commissions work as partners to implement the statewide Signature Programs and identify common policy goals.

For nearly two decades, the California Children and Families Commission (First 5 California) has established standards of quality child care and invested in the development of programs and services emphasizing improvement in early education, child care, social services, health care, research, and community awareness.

The State Board of Equalization collects an excise tax levied on all tobacco products and deposits the revenue into the California Children and Families Trust Fund, allocating 20 percent to First 5 California and 80 percent to county commissions.

In FY 2017-2018, First 5 California received $70.2 million and County Commissions received $280.8 million.

First 5 California tracks progress in four key result areas to support evidence-based funding decisions, program planning, and policies:

1. Improved Child Development
2. Improved Child Health
3. Improved Family Functioning
4. Improved Systems of Care

These result areas comprise a framework for reporting and assessing early childhood outcome data. Appendix A and B (pages 53-54) include descriptions of the result areas and services for First 5 California and the 58 county commissions.

This data reporting framework provides a statewide overview of the number, type, and costs of services provided to children and adults for a particular year. Stakeholders can use this information as one source to determine impact and resource allocation from First 5 statewide.
New Legislation: First 5 California continued to garner awareness of the importance of First 5-funded programs and significant state-level support for its Policy Agenda goals from policymakers, advocacy partners, and other stakeholders during the 2017-2018 state legislative and budget session.

2017 was an active year for policies impacting young child children and First 5 California sponsored legislation for the first time in over a decade. F5CA co-sponsored AB 60 with Parent Voices and the Child Care Law Center, which was implemented and fully funded through the 2017-2018 Budget Act. The policy provisions of AB 60 adopted in the Budget Act modernize how working parents become eligible for childcare subsidies by updating eligible criteria to 70 percent of the current state median income (SMI) for all childcare programs. In addition, the policy also ensures families receive a minimum of 12 months of continuous care, even if they experience minor pay changes, so they will not be forced to decline a raise in order to retain care for their children.

F5CA also co-sponsored the New Parent Leave Act-SB 63 with the California Employment Lawyers Association and Legal Aid at Work, which was signed into law on October 12, 2017. SB 63 provides up to 12 weeks of job-protected maternity and paternity leave for more California employees. (Additional information on Page 10 of the Annual Report).

First 5 IMPACT: First 5 California completed the third year of a five-year, $190 million investment in First 5 IMPACT (Improve and Maximize Programs so All Children Thrive) supporting a statewide network of local quality rating and improvement systems (QRIS) statewide. QRIS is a research-based strategy to improve the quality of early learning settings across the entire continuum – from alternative settings and family, friend, and neighbor care, to family childcare homes, centers and preschools. First 5 IMPACT builds on a successful network of local quality improvement efforts, forges partnerships with all 58 counties, builds on past F5CA programs, and aligns with and leverages federal, state, and local investments.

As of June 30, 2018, there were over 6,800 sites participating QRIS sites across the state, an increase of nearly 1,000 sites from the previous fiscal year. Of the total, 56 percent were centers, 36 percent were family childcare homes, and 8 percent were alternative sites such as libraries, home visiting programs, family resource centers, and family, friend, and neighbor providers.

Tobacco Cessation: First 5 California supports the toll free California Smokers’ Helpline at 1-800-NO-BUTTS which provides one-on-one telephone counseling, self-help materials, and referrals to local resources. In Fiscal Year 2017-2018, First 5 California supported the helpline with $1.4 million for tobacco cessation services for parents and caregivers of young children, as well as for training of pediatric care providers to screen for secondhand smoke.
First 5 California participants are provided with telephone counseling and also receive free nicotine patches sent directly to their homes.

First 5 California’s investment provided Helpline services for a total of 3,301 participants, including 173 pregnant smokers and 3,128 tobacco-using parents or caregivers of children ages 0 to 5.

Subject
Contract SI030 with County of San Bernardino Children’s Network

Recommendations
Approve Contract SI030 with County of San Bernardino Children’s Network in the amount of $459,877 per year for Fiscal Years 2019-2022 with a cumulative total amount not to exceed $1,379,631 for the delivery of countywide educational campaigns and community events addressing child abuse prevention.  
(Presenter: Renee Jones Staff Analyst II, 252-4273)

Financial Impact

Background Information
The Commission approved Contract CE010 with Children’s Network on April 6, 2016 for community engagement and systems improvement to support the prevention of child abuse.

Since that time, Children’s Network has served as a leader for community engagement and systems improvement for the prevention of child abuse. Children’s Network is also committed to promoting father engagement in order to build stronger families and more resilient communities. Children’s Network has focused on raising awareness of fatherhood involvement and the positive impacts on children. In addition, Children’s Network facilitates trainings throughout the County in conjunction with San Bernardino County’s Children and Families Services Department, Department of Public Health, and the Department of Behavioral Health, and creates media campaigns focusing on abuse prevention.

Children’s Network has developed a comprehensive and strategic media campaign that allows First 5 San Bernardino to collaborate with the Children’s Policy Council, the Child Abuse Prevention Council, and other County departments in an effort to prevent child abuse. The goal of the campaign is to create public awareness on the prevention of child abuse, focus on safe sleep, shaken baby syndrome, post-partum depression, domestic violence and other topics related to child abuse prevention and child safety. Additionally, Children’s Network will continue to create awareness of community resources to assist in meeting the needs of children ages 0-5 and their families in San Bernardino County.

Approval of this contract will provide continued support of the Annual Shine a Light on Child Abuse Awards Breakfast, Children’s Network Conference, the Fatherhood Initiative, community collaborative meetings, strategic media campaigns, and trainings for parents that support the prevention of child abuse countywide.

Approval of this contract supports the Commission’s Strategic Plan:

SPA 2: Systems and Networks
Objective 2.1.a – Systems and services effectively support and engage children, families and communities.

Objective 2.1.b - Families, providers and stakeholders collaborate effectively to improve the well-being of the child.

Cost of printing brochures and posters i.e. safe sleep, Post-partum depression, and other 0-5 specific topic. Cost of printing materials related to Shaken Baby Syndrome prevention program. As well as the Annual Report and CDRT report.

This amount will support the CE program, providers, and community partners by providing appropriate professional trainings and consultation through-out the year. The topics of the trainings will reflect the campaigns Children’s Network highlights in this fiscal year. The decision to highlight a particular campaign is driven by the data derived from CDRT and other meetings attended by Network Staff, as well as needs and gaps in services/campaigns that are identified through the Children’s Policy Council Strategic Planning process. Subject matter experts will be chosen to facilitate these trainings to community partners/providers, parents, families, or County employees. Children's Network will continue to campaign Safe Sleep, Dial 211, Post-Partum Depression, Shaken Baby Pilot, and will work to highlight different campaigns through the year. These trainings are intended to increase skill and knowledge in working with children ages 0-5 and families. These trainings may take place at venues throughout the County. All dollars expended in this line item will require a sign in sheet for attendees and what programs the participants provide for the 0-5 children and their families. Also, the sign in sheet must indicate whether First 5 San Bernardino funds programs/activities for attending participants or their agency.
